The CareTech Care Awards

JON PLUMMER WINS OVERALL NATIONAL WINNER AT THE CARETECH CARE AWARDS

Jon Plummer our Home Manager from Kingston House has been with the CareTech family for over a decade.

He has helped transform many of our services across the country. The flare and passion he brings to each service is unique and individual.

He was so impressive and worthy to win in a number of categories, that the only fitting award for Jon was to be recognised as the Overall National winner.

The leadership and support he provides is second to none. Congratulations Jon!

Jon Plummer (pictured left) receives his award from Executive Chairman Farouq Sheikh (right)
