

## Support available from CareTech Foundation?

Can we remind you of the CareTech Foundation [www.caretechfoundation.org.uk](http://www.caretechfoundation.org.uk) who are fully aware of the huge strains on CareTech staff, their families and communities.

The Foundation has confirmed its small grants streams are operational at this time and is doing all it can to respond swiftly in processing applications.

We would remind you that support is available:

- CareTech staff facing significant financial hardship through the Foundation's Staff Hardship Fund <https://www.caretechfoundation.org.uk/staff-hardship-fund/>
- Local communities and the family and friends of CareTech staff facing significant hardship through the Foundation's Community Grants <https://www.caretechfoundation.org.uk/community-grants/>

We look forward to hearing from you
