

## Registration Guidance

### Possible Placements during the Coronavirus Pandemic

If you have a request to take a placement and are unsure whether the placement will comply with your registration requirements then the easiest way to check is to go to the CQC website at

<https://www.cqc.org.uk/>

This will take you to the home page, half way down you will see the heading “Find, choose and compare care services”

The screenshot shows the CQC website home page. At the top, there is a navigation menu with options like 'Send a notification', 'Read the regulations guidance', 'Find guidance for your type of service', and 'Register as a new provider'. Below this, there are two columns of service categories: 'Fundamental standards' (including 'How we inspect and regulate services', 'What to expect from a good care service', and 'Safeguarding people') and 'The past month's ratings' (showing 68 Outstanding, 839 Good, 343 Requires improvement, and 78 Inadequate). A central heading reads 'Find, choose and compare care services'. Below this, there are several service categories with icons and brief descriptions: 'Care homes' (Residential care and nursing homes), 'Hospitals' (NHS and independent hospitals), 'Dental services' (NHS and private dentists), 'Clinics' (Includes family planning & slimming), 'Services in your home' (Including home care agencies), 'GP services' (Includes walk-in and out-of-hours services), 'Mental health' (Hospital and community-based services), and 'In the community' (Community-based health and care services). To the right, there is a 'News' section with recent updates, including 'CQC publishes independent review into its regulation of Whorlton Hall between 20...' and 'Routine inspections suspended in response to coronavirus outbreak'. At the bottom, there are sections for 'Latest publications' and 'Latest press releases'.

Click on the relevant type of service and follow the instructions to search for a care home if that is the type of service. Ensure you add both the name of the service and the postcode as this will reduce the choices you will need to search through.

## Find a care home

Use our information to check care homes in England and the quality of their care.

### Check the quality of care

We inspect and rate residential care homes and nursing homes. You can use our inspection reports and ratings to help you understand the quality of care.

### Search for a care home

Enter the name of the care home, if you know it:

Enter a postcode or place name where you want to search:

**Search**

### About the search results

On our page for each care home, you'll find:

- the latest inspection report and ratings
- older reports to download
- information about who's responsible for running the home
- contact details for the home

### What you should expect from a service

The five key questions we ask of all care services.

The standards you can expect from the services you use.

If you think a service isn't meeting these standards, you can share your experience with us.

### Find care services on a map

Use our map to see rated services in your area, compare ratings and read inspection reports.

[Map of service ratings across England](#)

On the right side of the page listing all the same named services it will show the Specialisms/Services that those care homes are registered for. Ensure you choose your service.

The screenshot shows the CQC website interface. On the left, there are navigation menus for 'Care homes' (Residential homes: 2987, Nursing homes: 882), 'Latest report' (This month: 206, This week: 8), 'Inspected?' (Inspected: 3676, Not inspected: 142), 'Treatments' (Diagnosis/screening: 101, Rehabilitation: 78, etc.), 'Conditions' (Dementia/Alzheimer's: 1749, Mental health: 1075, etc.), and 'Disability/impairment' (Learning disability: 1361, Physical disability: 1301, etc.).

The main content area displays two care home profiles:

- Ashview House Residential Care Home** (Good): Aynsleys Drive, Blythe Bridge, Stoke On Trent, ST11 9HJ. Provided by: Mauricare Limited. Latest report published on 22 October 2019. CQC inspection area ratings: Safe (Good), Effective (Good), Caring (Good), Responsive (Good), Well-led (Good).
- Ashview** (Good): River View High Road, Vange Basildon, SS16 4TR. Provided by: Ashview House Limited. Latest report published on 30 January 2018. CQC inspection area ratings: Safe (Good), Effective (Good), Caring (Good), Responsive (Good), Well-led (Good).

On the right side, a sidebar lists 'Specialisms/services' for each care home:

- Ashview House Residential Care Home:** Accommodation for persons who require nursing or personal care, Dementia, Physical disabilities, Sensory impairments, Caring for adults over 65 yrs.
- Ashview:** Accommodation for persons who require nursing or personal care, Learning disabilities, Physical disabilities.

If you wish to check further then click on the name of your care home which will then bring up further details specifically for your service.

The overview will show type of service and specialisms/services such as age ranges if required, service types such as Learning Disabilities, sensory impairment etc.

The screenshot shows a web browser displaying the Ashview CQC inspection report. The page title is "Ashview Good". The navigation menu includes "Overview", "Inspection Summary", "Reports", "Registration Info", and "Contact". The main content area is titled "Overview and CQC Inspections" and features a green callout box with the text "Overall Good" and a link to "Read overall summary".

Category	Rating
Safe	Good
Effective	Good
Caring	Good
Responsive	Good
Well-led	Good
