RECOMMENDED OFFER

for

CareTech Holdings PLC

By

Amalfi Bidco Limited

(a newly formed company indirectly owned by joint offerors Sheikh Holdings Group (Investments) Limited, Belgravia Investments Limited and Kensington Capital Limited, funds managed by THCS IV GP S.à r.l. and TH Management IV S.à r.l. as advised by THCP Advisory Limited)

**to be effected by means of a Scheme of Arrangement
under Part 26 of the Companies Act 2006**

Summary

- The independent committee of the board of CareTech Holdings PLC ("**CareTech**"), consisting of Jamie Cumming, Dr Moira Livingston and Adrian Stone (the "**CareTech Independent Directors**") (the "**CareTech Independent Board**"), and Amalfi Bidco Limited ("**Bidco**") are pleased to announce that they have reached agreement on the terms of a recommended offer by Bidco for the entire issued, and to be issued, ordinary share capital of CareTech (the "**Offer**"). The Offer is to be effected by means of a scheme of arrangement under Part 26 of the Companies Act.
- Under the terms of the Offer, CareTech Shareholders will be entitled to receive:
 - 750 pence for each CareTech Share (the "Cash Consideration")**
- The Offer values the entire issued and to be issued ordinary share capital of CareTech at approximately £870.3 million on a fully diluted basis and implies an enterprise value to underlying EBITDA of 12.6x for the year ended 30 September 2021 (on a pre-IFRS 16 basis) and implied enterprise value / underlying EBITDA of 13.0x for the year ended 30 September 2021 (on a post-IFRS 16 basis).
- The Cash Consideration represents a premium of approximately:
 - 28.0 per cent. to the CareTech closing share price as at 4 March 2022 (being the last Business Day before the commencement of the offer period);

- 29.8 per cent. to the volume weighted average price for the one month ended on 4 March 2022 (being the last Business Day before the commencement of the offer period); and
- 31.7 per cent. to the volume weighted average price for the three months ended on 4 March 2022 (being the last Business Day before the commencement of the offer period).

Partial Alternative Offer

- As an alternative to the Cash Consideration, an eligible CareTech Shareholder may elect to receive rollover non-voting ordinary shares in the capital of the indirect parent of Bidco ("**Topco**") having the rights of "Rollover Securities" set out in the articles of association of Topco (as amended from time to time) (the "**Rollover Securities**") (the "**Partial Alternative Offer**") in exchange for their holding of CareTech Share(s) at a ratio to be specified in the Scheme Document, subject to the terms and conditions of the Partial Alternative Offer (detailed in paragraph 12 below). Eligible CareTech Shareholders will be able to elect for the Partial Alternative Offer in relation to all or part of their holding of CareTech Shares.

Financing of the Cash Consideration

- The Cash Consideration payable to CareTech Shareholders by Bidco under the terms of the Offer will be financed by Bidco through a combination of:
 - (i) equity investment into Topco to be invested by funds managed by THCS IV GP S.à r.l. and TH Management IV S.à r.l. as advised by THCP Advisory Limited ("**THCP**");
 - (ii) £258 million to be provided by way of debt to Midco by THCP and Ares credit funds;
 - (iii) new credit facilities with Ares Management Limited as mandated lead arranger and Ares credit funds as original lenders (the "**Offer Debt**"); and
 - (iv) in connection with the provision of the Offer Debt (as defined below), minority non-voting equity investment into Topco to be invested by certain debt funds managed by Ares Management Limited ("**Ares**").
- In addition, equity capital is to be rolled over from the CareTech Shares held by Sheikh Ventures Limited ("**Sheikh Ventures**") (a wholly owned subsidiary of Sheikh Holdings), Belgravia and Kensington (together, the "**Sheikh Group**"). The Founders will contribute further equity by either: (i) rolling (to the extent that a replacement scheme is implemented post completion on terms to be agreed) their vested entitlements under the CareTech Long Term Incentive Plan and a portion of their vested options under the CareTech ExSOP; or (ii) cashing out these entitlements and reinvesting certain of the proceeds into D Ordinary Shares in Topco (or a combination of the two).
- The Offer Debt provides committed financing by way of a £210 million senior term loan of 5.5 years, a £350 million loan maturing in 5.5 years, and a £200 million super senior term loan of 5 years. A £30 million revolving credit facility will also be available.

Background to and reasons for the Offer

- The CareTech business was founded by Farouq and Haroon Sheikh (the "**Founders**") in 1993. It was admitted to trading on AIM in 2005 and has continued to grow in both scale and service offerings to become one of the UK's largest social care providers. CareTech operates facilities with high standards and quality ratings.
- The Sheikh Group and THCP have formed a consortium and are joint offerors for the purposes of the Offer.

- CareTech is a business with long-term investment requirements and Bidco believes that private ownership of CareTech would allow CareTech's management to focus on operating the business for the long-term, both to grow CareTech and to continue to deliver high standards of care in its facilities. Bidco believes that in taking CareTech private, it is offering an attractive valuation to its shareholders.
- Pursuant to the Offer, the Sheikh Group would be the controlling shareholders of CareTech and Farouq and Haroon Sheikh will remain fully involved in the management of CareTech and expect to do so along with the existing senior management team. CareTech operates in a complex and operationally demanding sector and as such it is important that it will continue to benefit from the vast experience of the Founders.
- Under Bidco's ownership CareTech intends to continue its support for the CareTech Charitable Foundation and its work supporting individuals with physical and learning disabilities, advancing skills development for the care sector, and supporting local communities.
- The Bidco Board believes the Offer represents a compelling opportunity and would be beneficial to all stakeholders for a number of reasons, including:
 - the opportunity for CareTech Shareholders to realise immediate value now in cash at a substantial premium or to choose to rollover all or partial holdings into the private company;
 - creation of a new long-term financing structure for CareTech;
 - the continuity of CareTech's highly experienced management team; and
 - consistency of strategy and quality of service to deliver high standards of care to service users.

CareTech Independent Board

- In light of their interests in the Offer, Farouq Sheikh, Haroon Sheikh, Christopher Dickinson and Mike Adams have not participated in the appraisal by the CareTech Board of the Offer. The CareTech Board has constituted a committee comprised of the CareTech Independent Directors (being Jamie Cumming, Dr Moira Livingston and Adrian Stone) for the purpose of evaluating and recommending the Offer to CareTech Shareholders. Although Dr Moira Livingston is a trustee and is on the board of the CareTech Charitable Foundation, which is deemed to be acting in concert with Bidco, this is not considered to impede her independence as her role with the CareTech Charitable Foundation is to act as an unpaid independent director representative of CareTech.

Recommendation

- The CareTech Independent Board, which has been so advised by Panmure Gordon and Numis as to the financial terms of the Cash Offer, considers the Cash Offer to be fair and reasonable. In providing advice to the CareTech Independent Board, Panmure Gordon and Numis have taken into account the commercial assessments of the CareTech Independent Board. Panmure Gordon is providing independent financial advice to the CareTech Independent Board for the purposes of Rule 3 of the Takeover Code.

Accordingly, the CareTech Independent Board intends unanimously to recommend that CareTech Shareholders vote in favour of the resolutions relating to the Scheme at the Meetings (or if the Offer is implemented by a Takeover Offer, to accept or procure acceptance of such Takeover Offer). Jamie Cumming (being the only member of the CareTech Independent Board who holds CareTech Shares) has irrevocably undertaken to do so in respect of his own beneficial holdings of 2,500 CareTech Shares in aggregate, representing approximately 0.002 per cent. of CareTech's issued ordinary share capital

on the Latest Practicable Date. Further details of this irrevocable undertaking are set out in Appendix 3 to this Announcement.

Irrevocable undertakings and letters of intent received representing 50.8 per cent. of CareTech's issued ordinary share capital on the Latest Practicable Date when taken together with the Sheikh Group and Concert Parties' interests in CareTech Shares.

Irrevocable undertakings

- Bidco has received irrevocable undertakings in respect of a total of 27,992,380 CareTech Shares, representing, in aggregate, approximately 24.7 per cent. of CareTech's issued ordinary share capital on the Latest Practicable Date. Further details of the irrevocable undertakings received are set out below.
- In addition to the irrevocable undertakings from Jamie Cumming (being the only member of the CareTech Independent Board who holds CareTech Shares), Bidco has also received irrevocable undertakings from Lombard Odier Asset Management (Europe) Limited, Richard Griffiths, Stichting Value Partners Family Office, OVMK Asset Management Nv and Mike Adams (an Executive Director of CareTech) to vote, or procure a vote, in favour of the Scheme at the Court Meeting and the Special Resolution at the General Meeting (or, in the event that the Offer is implemented by way of a Takeover Offer, to accept or procure acceptance of such Takeover Offer) in respect of, in aggregate, 27,989,880 CareTech Shares, representing approximately 24.7 per cent. of CareTech's issued ordinary share capital on the Latest Practicable Date.
- In addition, the Sheikh Group, together with persons "acting in concert" (for the purposes of the Takeover Code) with Bidco and Sheikh Holdings (the "**Concert Party**"), is interested in, directly and indirectly, 14,878,686 shares in CareTech, representing 13.1 per cent. of CareTech's issued ordinary share capital on the Latest Practicable Date.

Letters of intent

- In addition to the irrevocable undertakings referred to above, the Consortium and/or Bidco have received non-binding letters of intent to vote, or procure a vote, in favour of the Scheme at the Court Meeting and the Special Resolution at the General Meeting (or, in the event that the Offer is implemented by way of a Takeover Offer, to accept or procure acceptance of such Takeover Offer) in respect of, in aggregate, 15,687,768 CareTech Shares, representing approximately 13.8 per cent. of CareTech's issued ordinary share capital on the Latest Practicable Date.
- The Consortium and Bidco have, therefore, received irrevocable undertakings and non-binding letters of intent in respect of a total of 43,680,148 CareTech Shares representing, in aggregate, approximately 38.5 per cent. of the issued ordinary share capital of CareTech on the Latest Practicable Date.
- Further details of these irrevocable undertakings (and the circumstances in which they shall cease to be binding or otherwise fall away) and letters of intent are set out in Appendix 3 of this Announcement.

Timetable and Conditions

- It is intended that the Offer will be implemented by way of a Court-sanctioned scheme of arrangement under Part 26 of the Companies Act (although Bidco reserves the right to effect the Offer by way of a Takeover Offer, subject to the consent of the Panel and the terms of the Co-Operation Agreement).
- The Offer will be put to the CareTech Shareholders at the Meetings. The Meetings are required to enable CareTech Shareholders to consider, and if thought fit, to vote in favour of the Scheme and the Special Resolution to implement the Scheme. In order to become Effective, the Scheme must be approved by a majority in number of Scheme Shareholders, present and voting (and entitled to vote) at the Court Meeting, whether in person or by proxy, representing 75 per cent.

or more in value of the Scheme Shares held by those Scheme Shareholders (or the relevant class or classes thereof). In addition, at the General Meeting to implement the Scheme, the Special Resolution must be passed by CareTech Shareholders representing at least 75 per cent. of the votes validly cast on the Special Resolution. The General Meeting will be held immediately after the Court Meeting.

- The Offer will be on the terms and subject to the Conditions set out in Appendix 1 and to be set out in the Scheme Document, which will also set out further details of the Offer, including, amongst others:
 - (i) the passing of the Special Resolution by the requisite majority of CareTech Shareholders at the General Meeting; and
 - (ii) following the Meetings, the Scheme being sanctioned by the Court (without modification, or with modification on terms agreed by Bidco and CareTech).
- It is expected that the Scheme Document containing further information about the Offer and notices of the Meetings, together with the Forms of Proxy, will be published within 28 days of the date of this Announcement (unless the Panel agrees otherwise). An expected timetable of principal events will be included in the Scheme Document.
- The Offer is expected to become Effective in Q3 2022, subject to satisfaction (or, where applicable, waiver) of the Conditions and further terms set out in Appendix 1.
- If, on or after the date of this Announcement and before the Effective Date, any dividend, distribution or other return of capital or value is announced, declared, made or paid by CareTech or becomes payable by CareTech in respect of CareTech Shares, Bidco reserves the right to reduce the Cash Consideration payable under the terms of the Offer for the CareTech Shares (and, as the case may be, the number of Rollover Securities due under the terms of the Partial Alternative Offer, assuming that the value of the Rollover Securities to be issued under the Partial Alternative Offer for each CareTech Share is equal to the Cash Consideration payable under the terms of the Offer) by an amount up to the amount of such dividend and/or distribution and/or other return of capital or value. In such circumstances, the CareTech Shareholders would be entitled to receive and retain any such dividend and/or other distribution and/or return of capital or value.

Comments on the Offer

- Commenting on today's announcement, Farouq Sheikh said:

"Both Haroon and myself as founders believe that our offer for CareTech is in the best interests of all stakeholders. As the management team who founded and grew this business, we believe that we are best placed to ensure long-term continuity of management and care for our service users. Shareholders will receive immediate value in the form of a significant premium to the share price before the offer was announced or the ability to co-invest with us for the long-term. Service users and customers can be assured that we will continue to run and invest in the business carefully, with consideration and respect for our service users. We are delighted that the CareTech Independent Directors have recommended our offer and with the high level of shareholder support received."

- Commenting on today's announcement, Marco Anatriello of THCP said:

"CareTech is a strong, founder led company with nearly 30 years of history in this sector. We are delighted to be providing the financing support that will ensure the business remains resilient and continues to grow and will allow the founders to continue to innovate to the benefit of all its service users and customers."

- Commenting on today's announcement, Jamie Cumming, non-executive director of CareTech said:

"On behalf of the CareTech Independent Board, we are pleased to have reached agreement on the terms of a recommended cash offer by Bidco. We believe that this is in the best interests of our investors and other stakeholders, with the potential to deliver a number of strategic opportunities for the business through private ownership by Bidco. As a consequence of the offer, CareTech's founders will remain the controlling shareholders of the business. We believe this will allow the existing care-focused culture of the organisation to continue and enable CareTech to continue to deliver high standards of care to its service users."

The above summary should be read in conjunction with, and is subject to, the full text of this Announcement and the Appendices. The Offer will be subject to the Conditions and other terms set out in Appendix 1 and to the full terms and conditions which will be set out in the Scheme Document. Appendix 2 contains bases and sources of certain information contained in this Announcement. Details of irrevocable undertakings received by Bidco are set out in Appendix 3. Certain terms used in this Announcement are defined in Appendix 4.

Additional information for US investors

The Offer relates to shares of a company incorporated in England and Wales and is proposed to be effected by means of a scheme of arrangement under the laws of England and Wales. A transaction effected by means of a scheme of arrangement is not subject to the tender offer rules or proxy solicitation rules under the US Exchange Act. Accordingly, the Offer is subject to the disclosure and procedural requirements applicable in the United Kingdom to schemes of arrangement which differ from the disclosure requirements of the US tender offer and proxy solicitation rules. If, in the future, Bidco exercises its right to implement the Offer by means of a Takeover Offer and determines to

extend the Takeover Offer into the United States, such offer would be made in compliance with applicable US laws and regulations.

In accordance with normal United Kingdom practice, Bidco or its nominees or its brokers (acting as agents) may from time to time make certain purchases of, or arrangements to purchase, shares or other securities of CareTech outside of the US, other than pursuant to the Offer, until the date of the Offer and/or Scheme becomes Effective, lapses or is otherwise withdrawn. If such purchases or arrangements to purchase were to be made they would occur either in the open market at prevailing prices or in private transactions at negotiated prices. Any information about such purchases or arrangements to purchases shall be disclosed as required in the UK, shall be reported to a Regulatory Information Service and shall be available on the London Stock Exchange website at www.londonstockexchange.com.

US holders of CareTech Shares may not be able to sue a non-US company or its officers or directors in a non-US court for violations of the US securities laws. Further, it may be difficult to compel a non-US company and its affiliates to subject themselves to a US court's judgement.

The securities to be issued in connection with the Partial Alternative Offer pursuant to the Scheme have not been and will not be registered under the US Securities Act or the securities laws of any state or other jurisdiction of the United States and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the US Securities Act and such other laws. It is expected that any such securities would be issued in reliance upon the exemption from the registration requirements of the US Securities Act provided by Section 3(a)(10) thereof. Disclosure requirements of the Takeover Code

Under Rule 8.3(a) of the Takeover Code, any person who is interested in one per cent. or more of any class of relevant securities of an offeree company or of any securities exchange offeror (being any offeror other than an offeror in respect of which it has been announced that its offer is, or is likely to be, solely in cash) must make an Opening Position Disclosure following the commencement of the offer period and, if later, following the announcement in which any securities exchange offeror is first identified. An Opening Position Disclosure must contain details of the person's interests and short positions in, and rights to subscribe for, any relevant securities of each of (i) the offeree company and (ii) any securities exchange offeror(s). An Opening Position Disclosure by a person to whom Rule 8.3(a) applies must be made by no later than 3.30 pm (London time) on the 10th Business Day following the commencement of the offer period and, if appropriate, by no later than 3.30 pm (London time) on the 10th Business Day following the announcement in which any securities exchange offeror is first identified. Relevant persons who deal in the relevant securities of the offeree company or of a securities exchange offeror prior to the deadline for making an Opening Position Disclosure must instead make a Dealing Disclosure.

Under Rule 8.3(b) of the Takeover Code, any person who is, or becomes, interested in one per cent. or more of any class of relevant securities of the offeree company or of any securities exchange offeror must make a Dealing Disclosure if the person deals in any relevant securities of the offeree company or of any securities exchange offeror. A Dealing Disclosure must contain details of the dealing concerned and of the person's interests and short positions in, and rights to subscribe for, any relevant securities of each of (i) the offeree company and (ii) any securities exchange offeror(s), save to the extent that these details have previously been disclosed under Rule 8. A Dealing Disclosure by a person to whom Rule 8.3(b) applies must be made by no later than 3.30 pm (London time) on the Business Day following the date of the relevant dealing.

If two or more persons act together pursuant to an agreement or understanding, whether formal or informal, to acquire or control an interest in relevant securities of an offeree company or a securities exchange offeror, they will be deemed to be a single person for the purpose of Rule 8.3.

Opening Position Disclosures must also be made by the offeree company and by any offeror and Dealing Disclosures must also be made by the offeree company, by any offeror and by any persons acting in concert with any of them (see Rules 8.1, 8.2 and 8.4).

Details of the offeree and offeror companies in respect of whose relevant securities Opening Position Disclosures and Dealing Disclosures must be made can be found in the Disclosure Table on the Takeover Panel's website at www.thetakeoverpanel.org.uk, including details of the number of relevant securities in issue, when the offer period commenced and when any offeror was first identified. You should contact the Panel's Market Surveillance Unit on +44 (0)20 7638 0129 if you are in any doubt as to whether you are required to make an Opening Position Disclosure or a Dealing Disclosure.

RECOMMENDED OFFER

for

CareTech Holdings PLC

By

Amalfi Bidco Limited

(a newly formed company indirectly owned by joint offerors Sheikh Holdings Group (Investments) Limited, Belgravia Investments Limited and Kensington Capital Limited, funds managed by THCS IV GP S.à r.l. and TH Management IV S.à r.l. as advised by THCP Advisory Limited)

**to be effected by means of a Scheme of Arrangement
under Part 26 of the Companies Act 2006**

1. Introduction

The independent committee of the board of CareTech Holdings PLC ("**CareTech**"), consisting of Jamie Cumming, Dr Moira Livingston and Adrian Stone (the "**CareTech Independent Directors**") (the "**CareTech Independent Board**"), and Amalfi Bidco Limited ("**Bidco**") are pleased to announce that they have reached agreement on the terms of a recommended offer by Bidco for the entire issued, and to be issued, ordinary share capital of CareTech (the "**Offer**"). The Offer is to be effected by means of a scheme of arrangement under Part 26 of the Companies Act.

2. The Offer

It is intended that the Offer will be implemented by way of a Court-sanctioned scheme of arrangement under Part 26 of the Companies Act. The purpose of the Scheme is to enable Bidco to acquire the whole of the issued and to be issued ordinary share capital of CareTech.

Under the terms of the Offer, which will be subject to the Conditions and other terms set out in this Announcement and to further terms to be set out in the Scheme Document, CareTech Shareholders will be entitled to receive:

750 pence for each CareTech Share (the "Cash Consideration")

The Offer values the entire issued and to be issued ordinary share capital of CareTech at approximately £870.3 million on a fully diluted basis and implies an enterprise value to underlying EBITDA of 12.6x for the year ended 30 September 2021 (on a pre-IFRS 16 basis) and implied enterprise value / underlying EBITDA of 13.0x for the year ended 30 September 2021 (on a post-IFRS 16 basis).

The Cash Consideration represents a premium of approximately:

- 28.0 per cent. to the CareTech closing share price as at 4 March 2022 (being the last Business Day before the commencement of the offer period);
- 29.8 per cent. to the volume weighted average price for the one month ended on 4 March 2022 (being the last Business Day before the commencement of the offer period); and
- 31.7 per cent. to the volume weighted average price for the three months ended on 4 March 2022 (being the last Business Day before the commencement of the offer period).

Partial Alternative Offer

As a full or partial alternative to the Cash Consideration, an eligible CareTech Shareholder may elect to receive rollover ordinary shares in the capital of Amalfi Topco Limited, the indirect parent of Bidco ("**Topco**") having the rights of "Rollover Securities" set out in the articles of association of Topco (as amended from time to time) (the "**Rollover Securities**") in exchange for their holding of CareTech Share(s) at a ratio to be specified in the Scheme Document, subject to the terms and conditions of the Partial Alternative Offer (detailed in paragraph 12 below). Eligible CareTech Shareholders will be able to elect for the Partial Alternative Offer in relation to all or part of their holding of CareTech Shares.

The Partial Alternative Offer will be limited to a maximum of 26.4 per cent. of the issued ordinary share capital of Topco (the "**Rollover Shareholding**"), which represents approximately 5.74 per cent. of the fully diluted share capital of CareTech. The Rollover Shareholding does not include the CareTech Shares to be rolled over by the Sheikh Group into shares in Topco. There will be scale back on a pro-rata basis if applications representing in excess of 26.4 per cent. of the issued ordinary share capital of Topco are received and, in such circumstances, eligible CareTech Shareholders whose applications are scaled back will receive the Cash Consideration in respect of their CareTech Shares which are not exchanged for Rollover Securities.

CareTech Shareholders who are in a Restricted Jurisdiction will not be "eligible CareTech Shareholders" for the purposes of the Partial Alternative Offer.

The Rollover Securities will be independently valued and an estimate of the value of the Rollover Securities will be included in the Scheme Document. Further information about the Rollover Securities and the Partial Alternative Offer will be included in the Scheme Document.

If, on or after the date of this Announcement and before the Effective Date, any dividend, distribution or other return of capital or value is announced, declared, made or paid by CareTech or becomes payable by CareTech in respect of CareTech Shares, Bidco reserves the right to reduce the Cash Consideration payable under the terms of the Offer for the CareTech Shares (and, as the case may be, the number of Rollover Securities due under the terms of the Partial Alternative Offer, assuming that the value of the Rollover Securities to be issued under the Partial Alternative Offer for each CareTech Share is equal to the Cash Consideration payable under the terms of the Offer) by an amount up to the amount of such dividend and/or distribution and/or other return of capital or value. In such circumstances, the CareTech Shareholders would be entitled to receive and retain any such dividend and/or other distribution and/or return of capital or value.

The Deferred Shares will not form part of the Offer and the Scheme. For further details, see paragraph 16 below.

3. Background to and reasons for the Offer

The CareTech business was founded by Farouq and Haroon Sheikh (the "**Founders**") in 1993 with its first facility being The Avenue in Watford, Hertfordshire. CareTech was admitted to trading on AIM (a market operated by the London Stock Exchange) in 2005 and

has continued to grow in both scale and offerings to become one of the UK's largest social care providers. CareTech operates facilities with high standards and quality ratings.

CareTech is a business with long-term investment requirements and Bidco believes that private ownership of CareTech would allow CareTech's management to focus on operating the business for the long-term, both to grow CareTech organically and inorganically and to continue to deliver high standards of care in its facilities. Bidco believes that in taking CareTech private, it is making this cash offer at an attractive valuation to CareTech's shareholders, namely at a significant premium to the prevailing share price and at a premium to the all-time high CareTech share price.

Pursuant to the Offer, the Sheikh Group would be the controlling shareholders of Topco and Farouq and Haroon Sheikh will remain fully involved in the management of CareTech, and expect to do so along with the existing senior management team. The Founders have been instrumental in delivering growth and high standards of care in a complex and operationally demanding sector and, as such, Bidco believes that it is important that CareTech continues to benefit from the extensive experience of the Founders.

Under Bidco's ownership it is intended that CareTech will continue its support for the CareTech Charitable Foundation and its work supporting individuals with physical and learning disabilities, advancing skills development for the care sector, and supporting local communities.

The Bidco Board believes the Offer represents a compelling opportunity and would be beneficial to all stakeholders for a number of reasons, including:

- the opportunity to realise immediate value now in cash at a substantial premium or to choose to rollover all or partial holdings into the private company;
- a new long-term financing structure for CareTech;
- the continuity of CareTech's highly experienced management team; and
- consistency of strategy and quality of service to deliver a high standard and duty of care to CareTech's service users.

4. **CareTech Independent Board**

Given their interests in the Offer, Farouq Sheikh, Haroon Sheikh, Christopher Dickinson and Mike Adams have not participated in the appraisal by the CareTech Board of the Offer. The CareTech Board has constituted a committee comprised of the CareTech Independent Directors (being Jamie Cumming, Dr Moira Livingston and Adrian Stone) for the purpose of evaluating and recommending the Offer to CareTech Shareholders. Although Dr Moira Livingston is a trustee and is on the board of the CareTech Charitable Foundation, which is deemed to be acting in concert with Bidco, this is not considered to impede her independence as her role with the CareTech Charitable Foundation is to act as an unpaid independent director representative of CareTech.

5. **Recommendation**

The CareTech Independent Board, which has been so advised by Panmure Gordon and Numis as to the financial terms of the Cash Offer, considers the Cash Offer to be fair and reasonable. In providing advice to the CareTech Independent Board, Panmure Gordon and Numis have taken into account the commercial assessments of the CareTech Independent Board. Panmure Gordon is providing independent financial advice to the CareTech Independent Board for the purposes of Rule 3 of the Takeover Code.

Accordingly, the CareTech Independent Board intends unanimously to recommend that CareTech Shareholders vote in favour of the resolutions relating to the

Scheme at the Meetings (or if the Offer is implemented by a Takeover Offer, to accept or procure acceptance of such Takeover Offer). Jamie Cumming (being the only member of the CareTech Independent Board who holds CareTech Shares) has irrevocably undertaken to do so in respect of his own beneficial holdings of 2,500 CareTech Shares in aggregate, representing approximately 0.002 per cent. of CareTech's issued ordinary share capital on the Latest Practicable Date. Further details of this irrevocable undertaking are set out in Appendix 3 to this Announcement.

In considering the terms of the Partial Alternative Offer, the CareTech Independent Directors, Panmure Gordon and Numis have considered the details of the Partial Alternative Offer and the Rollover Securities set out in paragraphs 12, 13 and 14 below.

Panmure Gordon and Numis are unable to advise the CareTech Independent Directors as to whether or not the terms of the Partial Alternative Offer are fair and reasonable. This is because of the significant and variable impact of the disadvantages and advantages of the Partial Alternative Offer for individual CareTech Shareholders as set out in paragraphs 12, 13 and 14 below.

Accordingly, the CareTech Independent Directors cannot form an opinion as to whether or not the terms of the Partial Alternative Offer are fair and reasonable and are not making any recommendation to CareTech Shareholders as to whether or not they should elect for the Partial Alternative Offer.

CareTech Shareholders should also ascertain whether acquiring or holding Rollover Securities is affected by the laws of the relevant jurisdiction in which they are resident and consider whether Rollover Securities are a suitable investment in light of their own personal circumstances and are, therefore, strongly recommended to seek their own independent financial, tax and legal advice in light of their own particular circumstances and investment objectives before deciding whether to elect for the Partial Alternative Offer. Any decision to elect for the Partial Alternative Offer should be based on independent financial, tax and legal advice and full consideration of this Announcement and the Scheme Document.

6. Background to and reasons for the recommendation

Performance of CareTech

Since the initial public offer ("**IPO**") of CareTech in 2005, CareTech has grown revenue from £22.5 million in FY05 to £489.1 million in FY21 (21.2 per cent. CAGR) and reported underlying EBITDA (pre-IFRS 16) from £2.4 million in FY05 to £93.3 million in FY21 (25.7 per cent. CAGR). In the period from FY05 to the date of this Announcement, CareTech has paid ordinary dividends to shareholders totalling £83.6 million. The CareTech share price has increased from an IPO price of 160 pence per share to 586 pence per share as at 4 March 2022 (being the last Business Day before the commencement of the offer period).

CareTech completed the transformative acquisition of Cambian Group plc ("**Cambian**") in 2018, which significantly increased CareTech's presence in the children's specialist care market. Following the acquisition, CareTech's management of Cambian has resulted in significant operational improvement, with Cambian's pre-IFRS 16 underlying EBITDA margins increasing from 9.5 per cent. in 2017 to 13.4 per cent. in 2019.

CareTech is one of the largest providers of social care services across the UK and has performed strongly through the COVID-19 pandemic, with operational disruption minimised and robust financial performance with pre-IFRS 16 underlying EBITDA growing annually between FY19 and FY21. CareTech has performed in-line with board expectations in the first six months of FY22, despite COVID-19 and pressures on staffing.

In recent years, CareTech has also invested in technology with the ambition to develop a sector first Digital Pathway of services blending care and technology to enhance the lives of service users and also has an emerging presence in international markets following several acquisitions in the UAE.

Bidco's Offer

CareTech has delivered significant growth, operational improvement, and significant value creation to its shareholders following its admission to trading on AIM. Following shareholder feedback, CareTech has significantly reduced its gearing from 4.9x underlying EBITDA (pre-IFRS 16 basis) as at 30 September 2015 to 2.8x as at 30 September 2021. However, the CareTech Independent Directors believe that CareTech's strong operational performance and deleveraging has not been fully reflected in its rating and equity valuation.

The CareTech Independent Directors believe that the Offer represents an opportunity for shareholders to crystallise the value of their holdings today and realise possible value creation in cash at a significant premium to the undisturbed share price. The Offer represents a premium of approximately:

- 28.0 per cent. to the CareTech closing share price of 4 March 2022 (being the last business day before the commencement of the Offer Period)
- 29.8 per cent. to the volume weighted average price for the one month ending on 4 March 2022 (being the last business day before the commencement of the Offer Period);
- 31.7 per cent. to the volume weighted average price for the three months ending on 4 March 2022 (being the last business day before the commencement of the Offer Period); and
- 7.3 per cent. to the undisturbed all-time high CareTech closing share price on 3 September 2021.

The CareTech Independent Directors note that the implied enterprise value / 2021 underlying EBITDA of 12.6x for the year ended 30 September 2021 (on a pre-IFRS 16 basis) and implied enterprise value / underlying EBITDA of 13.0x for the year ended 30 September 2021 (on a post-IFRS 16 basis) multiple is comparable to other relevant sector transactions.

The CareTech Independent Directors note the strong CareTech Shareholder support for the Offer, with CareTech Shareholders holding 24.7 per cent. of the issued ordinary share capital of CareTech providing irrevocable undertakings and CareTech Shareholders holding 13.8 per cent. of the issued ordinary share capital of CareTech providing non-binding letters of intent to support the scheme of arrangement, as detailed in paragraph **Error! Reference source not found.** of this Announcement. When taken together with the direct and indirect holdings of the Sheikh Group, together with persons "acting in concert" (for the purposes of the Takeover Code), the irrevocable undertakings and non-binding letters of intent represent, in aggregate, approximately 50.8 per cent. of CareTech's issued ordinary share capital.

The CareTech Independent Directors also recognise the limited liquidity of CareTech Shares which makes it challenging for CareTech Shareholders to monetise their holdings should they so wish. The Cash Offer provides the opportunity for CareTech Shareholders to realise their investment at a compelling valuation in cash, at a record share price, whilst the Partial Alternative Offer provides CareTech Shareholders with the opportunity to benefit in the potential future upside of the business. The disadvantages and advantages of the Partial Alternative Offer for individual CareTech Shareholders are as set out in paragraphs 12, 13 and 14.

The CareTech Independent Directors believe that the Offer has the potential to deliver a number of strategic opportunities to CareTech's business through private ownership, including the ability to accelerate investment in organic and inorganic growth, in particular because, typically, listed company investors have a preference for lower levels of gearing when compared to similar private companies. In addition to continued growth opportunities in the UK the CareTech Independent Directors believe that diversification of CareTech beyond the UK speciality care market is important to the future growth of CareTech. As CareTech continues its international expansion into the Gulf Cooperation Council region and invests in the growth of its technology division, there will likely be an increasing number of opportunities to deploy organic or inorganic growth capital. The CareTech Independent Directors believe that the Offer will allow the existing care-focused culture of the business to continue and enable CareTech to continue to focus on delivering high standards of care to its service users.

However, the CareTech Independent Directors also believe that there remain potential risks to CareTech's continued growth and medium-term outlook. Changes to NHS commissioned services, a more enhanced regulatory environment and limitations and/or caps on local authority payments may make it harder for CareTech Shareholders to continue to see growth. In addition, there is the risk that the current inflationary environment creates operational inflationary pressures and wage increases in the CareTech Group, which may not be offset by fee increases negotiated with local authorities. Staff retention and resourcing challenges may also continue to persist, which could limit CareTech's ability to operate all sites at full capacity. Furthermore, the nature of the services provided by CareTech can also result in high levels of public scrutiny which can disproportionately impact the share price. The Cash Offer allows CareTech Shareholders the opportunity to crystallise value at an all-time share price high without taking these potential risks.

In addition to the financial terms of the Cash Offer, in its evaluation of Bidco as a suitable owner of CareTech from the perspective of all stakeholders, the CareTech Independent Directors have taken into account Bidco's intentions for the business, management and employees and other stakeholders of CareTech. The CareTech Independent Directors note that Bidco is committed to supporting the existing business strategy and does not intend to make any change in headcount, except for in relation to the members of the CareTech Independent Board. The CareTech Independent Board believe that continuity of the management team, following completion of the Offer, will ensure any disruption to stakeholders of the business (including service users and their carers) related to the Offer will be minimised and will allow management to focus on operating the business for the long-term, both to grow and continue to deliver high standards of care across its facilities. The CareTech Independent Directors also note that Bidco has confirmed that the existing contractual and statutory employment rights, including those related to pensions, of all CareTech's management and employees will be fully safeguarded in accordance with applicable law.

Accordingly, following careful consideration of the above factors, the CareTech Independent Directors unanimously recommend the Cash Offer to CareTech Shareholders and believe that the CareTech Shareholders should have the opportunity to approve the Offer.

7. Irrevocable undertakings and letters of intent received representing 50.8 per cent. of CareTech's issued ordinary share capital on the Latest Practicable Date when taken together with the Sheikh Group and Concert Parties' interests in CareTech Shares

Irrevocable undertakings

Bidco has received irrevocable undertakings in respect of a total of 27,992,380 CareTech Shares, representing, in aggregate, approximately 24.7 per cent. of CareTech's issued

ordinary share capital on the Latest Practicable Date. Further details of the irrevocable undertakings received are set out below.

In addition to the irrevocable undertaking from Jamie Cumming (being the only member of the CareTech Independent Board who holds CareTech Shares), mentioned in paragraph 3 above, Bidco has also received irrevocable undertakings from Lombard Odier Asset Management (Europe) Limited, Richard Griffiths, Stichting Value Partners Family Office, OVMK Asset Management Nv and Mike Adams to vote, or procure a vote, in favour of the Scheme at the Court Meeting and the Special Resolution at the General Meeting (or, in the event that the Offer is implemented by way of a Takeover Offer, to accept or procure acceptance of such Takeover Offer).

The irrevocable undertakings from Lombard Odier Asset Management (Europe) Limited, Richard Griffiths, Stichting Value Partners Family Office and OVMK Asset Management Nv cease to be binding if: (i) the Effective Date has not occurred by the Long Stop Date; or (ii) Bidco announces, with the consent of the Panel, that it does not intend to proceed with the Offer and no new, revised or replacement offer is announced in accordance with Rule 2.7 of the Takeover Code at the same time; or (iii) the Scheme or Offer lapses or is withdrawn; or (iv) the Scheme or Offer Document is not released by 5 p.m. on 30 September 2022 (or such later date as Bidco and CareTech may agree).

Richard Griffiths has also elected to receive the Partial Alternative Offer in respect of 5,233,870 CareTech Shares held by him and Lombard Odier Asset Management (Europe) Limited has also elected to receive the Partial Alternative Offer in respect of not less than 2,000,000 CareTech Shares held by it (each subject to scale back as set out in paragraph 12 of this Announcement).

In addition, the Sheikh Group, together with persons "acting in concert" (for the purposes of the Takeover Code) with Bidco and Sheikh Holdings (the "**Concert Party**"), is interested in, directly and indirectly, 14,878,686 shares in CareTech, representing 13.1 per cent. of CareTech's issued ordinary share capital on the Latest Practicable Date.

Letters of intent

In addition to the irrevocable undertakings referred to above, the Consortium and/or Bidco have received non-binding letters of intent to vote, or procure a vote, in favour of the Scheme at the Court Meeting and the Special Resolution at the General Meeting (or, in the event if the Offer is implemented by way of a Takeover Offer, to accept or procure acceptance of such Takeover Offer) in respect of, in aggregate, 15,687,768 CareTech Shares, representing approximately 13.8 per cent. of CareTech's issued ordinary share capital on the Latest Practicable Date.

The Consortium and Bidco have, therefore, received irrevocable undertakings and non-binding letters of intent in respect of a total of 43,680,148 CareTech Shares representing, in aggregate, approximately 38.5 per cent. of CareTech's issued ordinary share capital on the Latest Practicable Date.

Further details of these irrevocable undertakings and letters of intent are set out in Appendix 3 of this Announcement.

9. Information relating to CareTech

CareTech is one of the largest providers of specialist social care services, supporting adults and children with a wide range of complex needs in specialist services around the UK and with a growing international presence. Committed to the highest standards of care and care governance, CareTech's innovative care pathway covers four divisions, being Foster Care, Children's Services, Adult Services and Digital Technology. In addition, the International division was reported as a separate division in the unaudited interim results for the six months to 31 March 2022.

The CareTech business was founded in 1993 by Haroon Sheikh and Farouq Sheikh and began trading on the AIM market of the London Stock Exchange in October 2005. CareTech has grown significantly over the years, both through organic growth, bolt-on acquisitions and larger acquisitions to generate over £489 million of revenue in the year ended 30 September 2021. CareTech's unaudited interim accounts for the six months to 31 March 2022 showed over £249 million of revenue for the period.

CareTech's care provision and children's services offering was substantially enhanced with the transformative acquisition of Cambian, a provider of children's specialist education and behavioural health services, in October 2018. Since then, CareTech has made a number of additional acquisitions across its divisions, including in November 2020, when CareTech completed the transfer of seven specialist services previously operated by The Huntercombe Group and rebranded as Coveberry. This acquisition added facilities for the treatment of adults with complex learning disabilities, autism and mental health diagnoses to the CareTech Group's offerings.

CareTech currently supports around 5,000 adults and children in the UK with a wide range of complex needs in more than 550 services in the UK employing more than 11,050 staff. Its property portfolio comprises over 400 freehold and long leasehold properties.

In recent years CareTech has also invested in technology with the ambition to develop a sector first Digital Pathway of services blending care and technology to enhance the lives of service users. This strategy commenced initially through the acquisition of Smartbox in October 2020, a market-leading creator of software, hardware and content that helps individuals without speech to have a voice and live more independently. CareTech's ambition to develop a sector first Digital Pathway of services was further enhanced with the acquisition of Rehavista GmbH ("**REHAVISTA**") in November 2021 which CareTech believes provides a significant opportunity for Smartbox to expand the products and services available in Germany. REHAVISTA is Germany's largest provider of augmentative and alternative communication (AAC) products and services.

CareTech also has an emerging presence in international markets following several acquisitions in the UAE. CareTech first expanded into the UAE through the acquisition of a 51% interest in the UAE based AS Group in 2019 and grew further through the acquisitions of a 51% interest in the Wellness Group by CareTech and the acquisition of a 70% interest in Dmetco-Bayti Group by AS Group, both in 2022. Dmetco-Bayti is a well-established home healthcare provider managing the daily health and social care needs of its patients across the UAE and the Wellness Group, which provides integrated physical health consultations and surgical services. Both acquisitions will expand the care pathway in the UAE to encompass specialist health and social care services in home care environments and physical healthcare services in specialist clinic settings. CareTech's long-term goal in the Middle East and Gulf region is to create an integrated solutions provider of care and technology for the mental health, social care, special education and physical healthcare pathway, offering broad access to people with complex needs and disabilities in local communities.

The Technology division and International division of CareTech together accounted for 7.8 per cent. of CareTech's audited FY21 revenue and 12.3 per cent. of CareTech's unaudited revenue for the six months to 31 March 2022.

CareTech established the CareTech Charitable Foundation in 2017 and makes annual donations to the CareTech Charitable Foundation. The work of the CareTech Charitable Foundation focuses on three key objectives: (i) physical and learning disabilities and specialist services support; (ii) skills development for the care sector; and (iii) supporting communities and the CareTech family (the "**Objectives**").

The CareTech Charitable Foundation delivers the Objectives through three key approaches: (i) providing grants to significant partnerships; (ii) match-funding to amounts raised by individual CareTech employees for charitable causes in line with the Objectives; and (iii) family and friends grants to support the family, friends and wider communities of CareTech staff facing significant challenges.

10. **Employees, Management, Pensions, Research and Development and Location**

Bidco's strategic plans for CareTech

As set out in paragraph 3 above, Bidco believes that the Offer has a compelling strategic and financial rationale.

Bidco highly values the current structure, strategy and management of the CareTech business and recognises that the management team and colleagues will be key to CareTech's success going forward. In particular, Bidco values the CareTech management team's operational expertise and experience. Bidco is therefore committed to supporting the existing CareTech management team in continuing to execute its existing strategy, which has served the business and its stakeholders well. Bidco is also committed to supporting CareTech to continue to receive high quality ratings from its regulators and to provide an excellent quality of service to its customers.

Following completion of the Offer, a limited number of third party PLC-related functions may be reduced in scope or become unnecessary. However, save as noted below in relation to the CareTech Independent Board, Bidco does not expect any change in headcount or the balance of skills and functions of employees and management of the CareTech Group to arise as a consequence of the Offer becoming Effective.

Under Bidco's ownership, CareTech intends to continue its support for the CareTech Charitable Foundation.

Employees and management

Bidco attaches great importance to the skills and experience of CareTech's management and employees and acknowledges that they are fundamental to the future success of the CareTech business. Bidco confirms that, upon and following the Offer becoming Effective, the existing contractual and statutory employment rights, including in relation to pensions, of all CareTech's management and employees will be fully safeguarded in accordance with applicable law. CareTech does not operate or contribute to any defined benefit pension schemes in respect of its employees.

It is intended that, upon completion of the Offer, each of the members of the CareTech Independent Board shall resign from his or her office as a director of CareTech.

Management incentivisation arrangements

Options under the CareTech Long Term Incentive Plan ("**LTIP**") and the other CareTech Share Plans will be treated in accordance with the rules of the relevant plan as a consequence of the Offer.

A further proposal for LTIP option holders is also being considered and discussed between management and Bidco as set out in this paragraph. As an alternative to the ability to exercise such vested LTIP options, it may further be proposed that all option holders under the LTIP, including members of CareTech management, are given the opportunity to release their options in advance of, and conditional upon, sanction of the Scheme by Court, in exchange for the grant of an option of equivalent value over Topco shares ("**Replacement Options**") calculated by reference to the exchange ratio to be included in the Scheme Document ("**Rollover Proposal**"). Such Replacement Options would likely continue on terms that are similar to those contained in the rules of the current LTIP, modified as necessary to reflect that the Replacement Options are over Topco shares rather than CareTech Shares. It is intended that detailed terms and further modifications will be considered and discussed between management and Bidco prior to the Scheme being effective. Further details will be contained in the Scheme Document as appropriate.

Locations, headquarters, R&D and fixed assets

Following the Offer becoming Effective, Bidco intends for CareTech to continue to operate as a standalone business, led by the CareTech management team. Bidco has no intention to make any material restructurings or changes in the locations of CareTech's places of business and intends to retain CareTech's head office and head office functions in Potters Bar. Following the Offer becoming Effective, Bidco intends that certain of the CareTech Group's properties will form part of a sale package, subject to long-term lease agreements under which the CareTech Group would continue to occupy the properties. Bidco does not intend for there to be any change in headcount of CareTech's employees or changes to the services that it provides as a result of such sales.

Save as set out above, no changes are envisaged with respect to the redeployment of CareTech's fixed asset base and Bidco does not intend to make any changes to the CareTech Group's research and development functions.

Trading facilities

The CareTech Shares are currently admitted to trading on the London Stock Exchange's AIM market, and, as set out in paragraph 23 below, subject to the Scheme becoming Effective, an application will be made to the London Stock Exchange to cancel the admission of CareTech Shares to trading on AIM.

Other items

In accordance with Rule 2.11 of the Takeover Code, CareTech will make available to its employees a copy of this Announcement and will inform its employees of the rights of employee representatives (if any) under Rule 25.9 of the Takeover Code to require that a

separate opinion of any employee representatives on the effects of the Scheme on employment to be appended to the Scheme Document.

No statements in this paragraph 10 constitute "post-offer undertakings" for the purpose of Rule 19.5 of the Takeover Code.

11. **CareTech Share Plans**

Participants in the CareTech Share Plans will be contacted regarding the effect of the Offer on their rights thereunder. Bidco and CareTech have agreed that Bidco will make appropriate proposals to the holders of options under the CareTech Share Plans in accordance with Rule 15 of the Takeover Code. Details of the proposals will be set out in the Scheme Document (or, as the case may be, the Offer Document) and in separate letters to be sent to participants in the CareTech Share Plans.

12. **The Partial Alternative Offer**

Under the Partial Alternative Offer, eligible CareTech Shareholders may elect in respect of all or part of their CareTech Shares to receive Rollover Securities at a ratio to be specified in the Scheme Document in lieu of the Cash Consideration to which they are otherwise entitled. However, the total number of Rollover Securities to be delivered pursuant to the Partial Alternative Offer (see "*Partial Alternative Offer Maximum*" below) and the maximum aggregate amount of cash to be paid under the Offer will not be varied as a result of elections made. To the extent that any Partial Alternative Offer elections cannot be satisfied in full, they will be scaled down on a pro-rata basis. As a result, CareTech Shareholders who make an election under the Partial Alternative Offer will not necessarily know the exact number of Rollover Securities they will receive until the settlement of the consideration due to them under the Offer.

The eligibility criteria for CareTech Shareholders to be able to elect for the Partial Alternative Offer will be set out in the Scheme Document.

The Partial Alternative Offer allows CareTech Shareholders to invest indirectly in the recapitalised CareTech, providing continued economic exposure to a privately owned enterprise and to participate in any future value creation, which may ultimately deliver greater value than the Cash Consideration (although this cannot be guaranteed).

Partial Alternative Offer Maximum

The maximum aggregate number of Rollover Securities available to eligible CareTech Shareholders under the Partial Alternative Offer will be limited to 26.4 per cent. of the issued ordinary share capital of Topco, which represents approximately 5.74 per cent. of the fully diluted share capital of CareTech (the "**Partial Alternative Offer Maximum**").

If elections are validly received from eligible CareTech Shareholders in respect of a number of CareTech Shares that would require the issue of Rollover Securities exceeding the Partial Alternative Offer Maximum, such elections will be unable to be satisfied in full. In these circumstances, the number of CareTech Shares each CareTech Shareholder is entitled to exchange for Rollover Securities will be reduced on a pro-rata basis, and the balance of the consideration for each CareTech Share will be paid in cash in accordance with the terms of the Cash Consideration. For avoidance of doubt, in such a scenario, the ratio at which each CareTech Share is exchanged for Rollover Securities will remain unchanged.

Unless otherwise determined by Bidco and permitted by applicable law and regulation, the Partial Alternative Offer will not be offered, sold or delivered, directly or indirectly, in or into any Restricted Jurisdiction and individual acceptances of the Partial Alternative Offer will only be valid if all regulatory approvals (if any) required by an CareTech Shareholder to acquire the Rollover Securities have been obtained.

For the purposes of Rule 24.11 of the Takeover Code, Citi and Dean Street, each in its capacity as financial adviser to Bidco, will provide an estimate of the value of a Rollover Security, together with the assumptions, qualifications and caveats forming the basis of its estimate of value, in a letter to be included in the Scheme Document.

If the Scheme becomes Effective, CareTech Shareholders who do not validly elect to receive all or part of their consideration by means of the Partial Alternative Offer will automatically receive the full amount of the Cash Consideration for their entire holding of CareTech Shares.

If the Scheme becomes Effective, eligible CareTech Shareholders that validly elect to receive consideration by means of the Partial Alternative Offer will receive their Rollover Securities pursuant to a roll-over mechanism in the Scheme whereby on or shortly following the Effective Date:

- **First Exchange** – firstly, such elected number of CareTech Shares of the relevant electing CareTech Shareholders may be exchanged for loan notes to be issued by Bidco (the "**Bidco Rollover Securities**");
- **Second Exchange** – secondly, and immediately following the first exchange, the Bidco Rollover Securities may be exchanged for loan notes to be issued by Cleanco (the "**Cleanco Rollover Securities**");
- **Third Exchange** - thirdly, and immediately following the second exchange, the Cleanco Rollover Securities may be exchanged for loan notes to be issued by Midco (the "**Midco Rollover Securities**"); and
- **Fourth Exchange** – fourthly, and immediately following the third exchange, the Midco Rollover Securities may be exchanged for the relevant number of Rollover Securities to which eligible CareTech Shareholders are entitled in accordance with the Partial Alternative Offer.

Certain further information relating to Topco and the Rollover Securities is contained in Appendix 4 below.

13. **Summary of Rollover Securities**

A summary of the key rights and restrictions attaching to the Rollover Securities will be set out in the Scheme Document. As an overview, the Rollover Securities will be subject to the following terms and conditions:

- the Rollover Securities will not carry any rights to attend or vote at general meetings of Topco;
- the Rollover Securities will be unlisted and there is no current intention for the Rollover Securities to be subject to any application for listing on any stock exchange or regulated market;
- eligible CareTech Shareholders who validly elect to receive all or part of their consideration by means of the Partial Alternative Offer will, pursuant to a power of attorney to be included in the Scheme, deliver a fully executed deed of adherence pursuant to which they will be bound by the Rollover Securities Shareholders' Agreement;
- there is no right of transfer of the Rollover Securities except: (i) between other holders of Rollover Securities (or their beneficial owners); (ii) with the consent of THCP, Kensington and Belgravia; (iii) in accordance with customary permitted transfer provisions or by operation of the drag and tag rights described below, or (iv) to certain specified permitted transferees;

- the Sheikh Group will have customary "drag along" rights over (i.e. can force the sale to a *bona fide* third party) all Rollover Securities held by Topco Shareholders in Topco for a period of five years from the Effective Date. THCP will also have drag along rights over all Rollover Securities held by Topco Shareholders from the date approximately five years after the Effective Date;
- the holders of Rollover Securities will have customary "tag-along" rights in respect of their Rollover Securities where there is a sale of shares in Topco to a third party purchaser;
- the Sheikh Group will have a call option over all other Topco Shareholders' securities, which may be served at any time until the fifth anniversary of completion of the Offer at an agreed fair market value or higher.

14. **Risk factors and other investment considerations**

The attention of eligible CareTech Shareholders who may consider electing to receive some or all of their consideration by means of the Partial Alternative Offer is drawn to certain risk factors and other investment considerations relevant to the Rollover Securities. These will be set out in full in the Scheme Document but will include, *inter alia*, the following:

- upon the Scheme becoming Effective and following completion of the Partial Alternative Offer, Topco will be controlled by the Consortium and the Rollover Securities will not carry any general voting rights at general meetings of Topco, and will therefore have no influence over decisions made by Topco in relation to its investment in CareTech or in any other business or in relation to CareTech's strategy;
- the Rollover Securities will comprise securities in a Jersey private limited company, and there is no current expectation that the Rollover Securities will be listed or admitted to trading on any exchange or market for the trading of securities, and they will therefore be illiquid. Any assessment of the value of the Rollover Securities should therefore take into account an individual shareholder's assessment of an appropriate liquidity discount, given that it may not be possible to make a disposal of Rollover Securities;
- the value of the Rollover Securities will at all times be uncertain and there can be no assurance that any such securities will be capable of being sold in the future or that they will be capable of being sold at the value to be estimated by Citi and Dean Street in the Scheme Document;
- the Rollover Securities will rank behind the Offer Debt and Midco Debt (each as detailed in paragraph 15) in relation to rights to returns and liquidation preference and are delivered a smaller percentage return when compared to the A Ordinary and the C Ordinary Shares as a result of the ratchet structure. Further detail on the economic rights of the Rollover Securities are set out at paragraph 3 of Appendix 4 of this Announcement;
- on the Effective Date, Bidco is expected to carry senior net debt of £760 million (or £410 million net of the potential proceeds arising from the sale of certain properties, the majority of which are expected to be subject to long-term lease agreements under which the CareTech Group would continue to occupy the properties). The gross senior net debt is at a higher level than the current senior net debt outstanding of CareTech but still within sustainable leverage ratios. It may therefore be subject to additional risks associated with higher levels of debt;
- holders of Rollover Securities may be diluted over time should they elect not to participate in further issues of additional shares, loan notes or other securities of

Topco. Further detail on the pre-emption rights attaching to the Rollover Securities are set out at paragraph 5 of Appendix 4;

- payments in respect of Rollover Securities will not be guaranteed or secured and, for so long as Bidco has any secured debt outstanding, it is not anticipated that Bidco will declare or pay any dividends on any of the Rollover Securities;
- the Rollover Securities will have very limited transfer rights. They will not be transferable other than: (i) between other holders of Rollover Securities (or their beneficial owners); (ii) with the consent of THCP, Kensington and Belgravia; (iii) in accordance with customary permitted transfer provisions; (iv) or by operation of the drag and tag rights;
- the holders of Rollover Securities will not enjoy any minority protections or other rights save for those rights prescribed by applicable law;
- Topco Shareholders may be required in the future to sell their Rollover Securities under the terms of a "drag along" provision in the Topco Shareholders' Agreement or Rollover Securities Shareholders' Agreement;
- the Sheikh Group will have a call option over all other shareholders' securities which may be served at any time until the fifth anniversary of completion of the Offer at an agreed fair market value or higher. The call option could be exercised at a value that is less than Topco Shareholders may receive for a sale at another time;
- Topco Shareholders will not be afforded the same level of protections or disclosure of information that they currently benefit from as shareholders in CareTech as a traded company and will only have limited information rights;
- in the event that a number of CareTech Shareholders above the Partial Alternative Offer Maximum elect for the Partial Alternative Offer, CareTech Shareholders cannot be certain as to the amount of Rollover Securities they will receive because:
 - the maximum aggregate number of Rollover Securities available to CareTech Shareholders under the Partial Alternative Offer will be limited to 26.4 per cent. of the issued ordinary share capital of Topco (excluding the Sheikh Group rollover); and
 - to the extent that elections for the Partial Alternative Offer cannot be satisfied in full, the number of Rollover Securities to be issued in respect of each CareTech Share will be reduced on a pro-rata basis, and the balance of the consideration for each CareTech Share will be paid in cash in accordance with the terms of the Cash Consideration;
- there can be no certainty or guarantee as to the performance of the CareTech Group following the Effective Date, and past performance cannot be relied up as an indication of any future performance or growth;
- following the effective date, CareTech will remain subject to risks associated with the industry in which it operates. Accordingly, those CareTech Shareholders who become Topco Shareholders will continue to be exposed to such risks; and
- the CareTech Group holds interests in certain subsidiaries, including non-UK subsidiaries, which are not wholly owned. The management and financial performance of those subsidiaries is therefore outside of the full direct control of Topco.

15. **Financing of the Cash Consideration**

The Cash Consideration payable to CareTech Shareholders by Bidco under the terms of the Offer will be financed by Bidco through a combination of:

- (i) equity investment into Topco to be invested by funds managed by THCS IV GP S.à r.l. and TH Management IV S.à r.l. as advised by THCP Advisory Limited ("**THCP**");
- (ii) £258 million to be provided by way of debt to Midco by THCP and Ares credit funds (the "**Midco Debt**");
- (iii) new credit facilities with Ares Management Limited as mandated lead arranger and Ares credit funds as original lenders (the "**Offer Debt**").; and
- (iv) in connection with the provision of the Offer Debt (as defined below), minority non-voting equity investment into Topco to be invested by certain debt funds managed by Ares;

In addition, equity capital is to be rolled over from the CareTech Shares held by Sheikh Ventures Limited ("**Sheikh Ventures**") (a wholly owned subsidiary of Sheikh Holdings), Belgravia and Kensington (together, the "**Sheikh Group**"). The Founders will contribute further equity by either: (i) rolling (to the extent that a replacement scheme is implemented post completion on terms to be agreed) their vested entitlements under the CareTech Long Term Incentive Plan and a portion of their vested options under the CareTech ExSOP; or (ii) cashing out these entitlements and reinvesting certain of the proceeds into D Ordinary Shares in Topco (or a combination of the two).

The Offer Debt provides committed financing by way of a £210 million senior term loan of 5.5 years, a £350 million loan maturing in 5.5 years, and a £200 million super senior term loan of 5 years. A £30 million revolving credit facility will also be available.

Citi and Dean Street, each in its capacity as financial adviser to Bidco, are satisfied that the resources available to Bidco are sufficient to satisfy in full the Cash Consideration.

Further information on the financing of the Offer will be set out in the Scheme Document.

16. **Deferred Shares**

CareTech has in issue 53,402 Deferred Shares. The Deferred Shares are not listed on any exchange and have limited rights. The Deferred Shares have no right to participate in any dividends declared, made or paid by CareTech but have the right to participate on a return of assets in a winding up of CareTech by a repayment of the capital paid up on such Deferred Share after the rights of all holders of CareTech Shares have been discharged in full and a sum of £1 million has been paid in respect of each CareTech Share. Holders of Deferred Shares have no other rights to participate in the assets of CareTech.

The Deferred Shares do not confer on their holders any right to receive notice of, attend, or vote at general meetings of CareTech (unless a resolution to vary or abrogate the rights attaching to the Deferred Shares is being proposed thereat).

The Deferred Shares will not form part of the Offer and the Scheme and no Rule 14 offer will be made for the Deferred Shares. Bidco and CareTech intend for the Deferred Shares to be cancelled on or shortly following the Effective Date. Further details will be included in the Scheme Document.

17. **Offer-related arrangements**

Confidentiality Agreement

On 5 April 2022, the Consortium and CareTech entered into a confidentiality agreement in relation to the Offer (the "**Confidentiality Agreement**"), pursuant to which, amongst

other things, the Consortium gave certain undertakings to: (i) subject to certain exceptions, keep information relating to CareTech and the Offer confidential and not to disclose it to third parties; and (ii) use such confidential information only in connection with the Offer. These confidentiality obligations will remain in force until the earlier of (i) completion of the Offer or (ii) 18 months from the date of the Confidentiality Agreement.

Co-Operation Agreement

Bidco and CareTech have entered into a co-operation agreement dated 27 June 2022 (the "**Co-Operation Agreement**") to record the steps that each has agreed to take in relation to the implementation of the Offer.

Under the terms of the Co-Operation Agreement, Bidco and CareTech have, amongst other things, agreed to cooperate in relation to obtaining any approvals, consents, clearances, permissions, confirmations, comfort letters and waivers as may be necessary, and the making of all filings as may be necessary, from or under the law, regulations or practices applied by any applicable regulatory authority in connection with the Offer.

In addition, Bidco has agreed to provide CareTech with certain information for the purposes of the Scheme Document and to otherwise provide assistance which may be reasonably required with the preparation of the Scheme Document.

The Co-Operation Agreement also includes provisions relating to the right of Bidco to implement the acquisition by way of an Offer and provisions that will apply in respect of the CareTech Share Plans and CareTech's bonus scheme.

Bidco has the right to terminate the Co-Operation Agreement in certain circumstances including: (i) by agreement in writing by the parties prior to the Effective Date; (ii) the Offer lapses or is withdrawn; (iii) if implemented by way of a Takeover Offer, the Takeover Offer lapses or is withdrawn; or (iv) if the Scheme has not become Effective by the Long Stop Date.

Bid Conduct Agreement

The Consortium members have each entered into a bid conduct agreement dated 27 June 2022 (the "**Bid Conduct Agreement**"), pursuant to which they have agreed certain principles in accordance with which they intend to co-operate on evaluating and implementing the Offer, and the basis on which they intend to hold their interests in Topco.

Pursuant to the terms of the Bid Conduct Agreement, the Consortium agrees:

- to co-operate and work together in good faith in considering the Offer;
- not to do anything which may be prejudicial to the completion of the Offer (or reasonably be expected to have the effect of delaying, disrupting or otherwise frustrating the Offer);
- to make all decisions with respect to the Offer unanimously in writing; and
- customary standstill undertakings in relation to themselves and their concert parties.

The Bid Conduct Agreement will expire and terminate upon the earlier of: (i) by unanimous decision of the Consortium in writing; (ii) the Offer lapsing or being withdrawn; (iii) a competitive offer becoming effective or unconditional in all respects; and (iv) certain circumstances in the event that an increased offer is to be made by the Consortium in respect of CareTech.

Share Exchange Agreement

Bidco and each member of the Sheikh Group have entered into a share exchange agreement dated 27 June 2022 (the "**Share Exchange Agreement**"), pursuant to which each member has agreed to transfer, or procure to transfer, to Bidco its CareTech Shares upon the Scheme becoming Effective. In consideration for such transfers, Bidco shall issue to each member of the Sheikh Group, in exchange for each such CareTech Shares so transferred, unsecured loan notes of £1.00 for each constituted pursuant to a loan note instrument executed by Bidco on 27 June 2022.

The Share Exchange Agreement will terminate if: (i) the Offer lapses or is withdrawn; (ii) if implemented by way of a Takeover Offer, the Takeover Offer lapses or is withdrawn; or (iii) if the Scheme has not become Effective by the Long Stop Date.

18. **Scheme Process**

It is intended that the Offer will be effected by a Court-sanctioned scheme of arrangement between CareTech and the Scheme Shareholders under Part 26 of the Companies Act. Bidco reserves the right to effect the Offer by way of a Takeover Offer, subject to the consent of the Panel and the terms of the Co-Operation Agreement.

Any CareTech Shares issued on or before the Scheme Record Time will be subject to the terms of the Scheme.

The purpose of the Scheme is to provide for Bidco to become owner of the whole of the issued and to be issued ordinary share capital of CareTech. Under the Scheme, the Offer is to be achieved by the transfer of the Scheme Shares held by Scheme Shareholders to Bidco in consideration for which Scheme Shareholders will receive the Cash Consideration and/or (subject to election) the Rollover Securities on the basis set out in paragraph 2 above. The procedure involves, among other things, an application by CareTech to the Court to sanction the Scheme.

The Scheme Document will include full details of the Scheme, together with notices of the Court Meeting and the General Meeting and the expected timetable, and will specify the action to be taken by Scheme Shareholders. It is expected that the Scheme Document, together with the Forms of Proxy, will be published within 28 days of the date of this Announcement (unless the Panel agrees otherwise).

Conditions

The Offer will be subject to the Conditions and further terms referred to in Appendix 1 and the full terms and conditions to be set out in the Scheme Document and will only become Effective if, among other things, the following events occur on or before the Long Stop Date:

- (a) a resolution to approve the Scheme is passed by a majority in number of the Scheme Shareholders present and voting (and entitled to vote) at the Court Meeting, either in person or by proxy, representing 75 per cent. or more in value of each class of the Scheme Shares held by those Scheme Shareholders;
- (b) the Special Resolution is passed by the requisite majority of CareTech Shareholders at the General Meeting;
- (c) following the Meetings, the Scheme is sanctioned by the Court (without modification, or with modification on terms agreed by Bidco and CareTech); and
- (d) following such sanction, an office copy of the Court Order is delivered to the Registrar of Companies.

If the deadline set out in Part A, Condition 1 of Appendix 1 for the timing of the Court Meeting, the General Meeting and the Sanction Hearing is not met, Bidco shall make an announcement through a Regulatory Information Service as soon as practicable and, in any

event, by not later than 7.00 a.m. on the Business Day following the date so specified, stating whether Bidco has invoked that Condition, (where applicable) waived that Condition or, with the agreement of CareTech, specified a new date by which that Condition must be satisfied.

Scheme becomes Effective

Once the necessary shareholder approvals have been obtained and the other Conditions have been satisfied or (where applicable) waived and the Scheme has been approved by the Court, the Scheme will become Effective upon delivery of a copy of the Court Order to the Registrar of Companies. Subject to the satisfaction of the Conditions or (where applicable) waiver, the Scheme is expected to become Effective in Q3 2022. The timing of implementation of the Offer will be dependent on a number of factors including availability of the Court.

Upon the Scheme becoming Effective: (i) it will be binding on all CareTech Shareholders, irrespective of whether or not they attended or voted at the Meetings (and if they attended and voted, whether or not they voted in favour); and (ii) share certificates in respect of CareTech Shares will cease to be valid and entitlements to CareTech Shares held within the CREST system will be cancelled.

The Special Resolution to be proposed at the General Meeting will, amongst other matters, provide that the Articles be amended to incorporate provisions requiring any CareTech Shares issued after the Scheme Record Time (other than to Bidco and/or its nominees) to be automatically transferred to Bidco on the same terms as the Offer (other than terms as to timings and formalities). The provisions of the Articles (as amended) will avoid any person (other than Bidco and its nominees) holding CareTech Shares after the Effective Date.

Lapsing of the Offer

Subject, amongst other things, to the satisfaction or waiver of the Conditions, it is expected that the Scheme will become Effective in Q3 2022. If the Scheme does not become Effective on or before the Long Stop Date, it will lapse and the Offer will not proceed (unless the Panel otherwise consents).

The Scheme will be governed by English law. The Scheme will be subject to the applicable requirements of the Takeover Code, the Panel, the London Stock Exchange and the AIM Rules.

19. Dividends

If, on or after the date of this Announcement and before the Effective Date, any dividend, distribution or return of capital or value is announced, declared, made or paid by CareTech or becomes payable by CareTech in respect of the CareTech Shares, Bidco reserves the right to reduce the Cash Consideration payable under the terms of the Offer for the CareTech Shares (and, as the case, may be the number of Rollover Securities due under the terms of the Partial Alternative Offer, assuming that the value of the Rollover Securities to be issued under the Partial Alternative Offer for each CareTech Share is equal to the Cash Consideration payable under the terms of the Offer) by an amount up to the amount of such dividend and/or distribution and/or other return of capital or value. In such circumstances, CareTech Shareholders would be entitled to receive and retain any such dividend and/or other distribution and/or return of capital or value.

20. Fractional entitlements

Fractions of pence will not be paid to Scheme Shareholders and cash entitlements will be rounded down to the nearest penny.

21. Overseas Shareholders

Overseas Shareholders may be affected by the laws of other jurisdictions in relation to the Offer or the Scheme. Overseas Shareholders should inform themselves about and observe all applicable legal requirements.

The availability of the Offer to persons who are not resident in, and the distribution of this Announcement to persons who are not resident in, the United Kingdom may be affected by the laws of the relevant jurisdiction in which such persons are located. Such persons should inform themselves of, and observe, any applicable legal or regulatory requirements of their jurisdiction. CareTech Shareholders who are in any doubt regarding such matters should consult an appropriate independent professional adviser in the jurisdiction without delay.

Further details in relation to the treatment of Overseas Shareholders for the purpose of the Offer will be contained in the Scheme Document.

22. **Disclosure of interests in CareTech**

Except for the irrevocable undertakings referred to in paragraph **Error! Reference source not found.** above and as disclosed below, as at the close of business on the Latest Practicable Date, neither Bidco, nor any of its directors, nor, so far as Bidco is aware, any person acting in concert (within the meaning of the Takeover Code) with Bidco:

- (a) has any interest in, or right to subscribe for, any relevant securities of CareTech; nor
- (b) has any short position in CareTech Shares, including any short position under a derivative, any agreement to sell, any delivery obligation or right to require another person to purchase or take delivery of relevant securities of CareTech; nor
- (c) has borrowed or lent any relevant securities of CareTech or entered into any financial collateral arrangements relating to relevant securities of CareTech; nor
- (d) is party to any dealing arrangement of the kind referred to in Note 11 on the definition of acting in concert in the Takeover Code in relation to relevant securities of CareTech.

An "interest in" securities for these purposes arises, in summary, when a person has long economic exposure, whether absolute or conditional, to changes in the price of securities (and a person who only has a short position in securities is not treated as interested in those securities). In particular, a person will be treated as having an 'interest' by virtue of the ownership, voting rights or control of securities, or by virtue of any agreement to purchase, option in respect of, or derivative referenced to securities.

Additional information for US investors

The Offer relates to shares of a company incorporated in England and Wales and is proposed to be effected by means of a scheme of arrangement under the laws of England and Wales. A transaction effected by means of a scheme of arrangement is not subject to the tender offer rules or proxy solicitation rules under the US Exchange Act. Accordingly, the Offer is subject to the disclosure and procedural requirements applicable in the United Kingdom to schemes of arrangement which differ from the disclosure requirements of the US tender offer and proxy solicitation rules. If, in the future, Bidco exercises its right to implement the Offer by means of a Takeover Offer and determines to extend the Takeover Offer into the United States, such offer would be made in compliance with applicable US laws and regulations.

In accordance with normal United Kingdom practice, Bidco or its nominees or its brokers (acting as agents) may from time to time make certain purchases of, or arrangements to purchase, shares or other securities of CareTech outside of the US, other than pursuant to the Offer, until the date of the Offer and/or Scheme becomes Effective, lapses or is otherwise withdrawn. If such purchases or arrangements to purchase were to be made they would occur either in the open market at prevailing prices or in private transactions at negotiated prices. Any information about such purchases or arrangements to purchase shall be disclosed as required in the UK, shall be reported to a Regulatory Information Service and shall be available on the London Stock Exchange website at www.londonstockexchange.com.

It may be difficult for US holders of CareTech Shares to enforce their rights and any claim arising out of the US federal laws, since CareTech, Bidco, Midco, Cleanco and Topco are located in a non-US jurisdiction, and some or all of their officers and directors may be residents of a non-US jurisdiction. US holders of CareTech Shares may not be able to sue a non-US company or its officers or directors in a non-US court for violations of the US securities laws. Further, it may be difficult to compel a non-US company and its affiliates to subject themselves to a US court's judgement.

The securities to be issued in connection with the Partial Alternative Offer pursuant to the Scheme have not been and will not be registered under the US Securities Act or the securities laws of any state or other jurisdiction of the United States and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the US Securities Act and such other laws. It is expected that any such securities would be issued in reliance upon the exemption from the registration requirements of the US Securities Act provided by Section 3(a)(10) thereof. Such securities will also not be registered under any US state securities laws and may only be issued to persons resident in a state pursuant to an exemption from the registration requirements of the securities laws of such state.

The financial information included in this Announcement and the Scheme Document has been or will be prepared in accordance with IFRS and may not be comparable to the financial information of US companies or companies whose financial statements are prepared in accordance with generally accepted accounting principles in the United States.

The receipt of consideration by a US holder for the transfer of CareTech Shares pursuant to the Scheme is expected to be a taxable transaction for US federal income tax purposes. Each CareTech Shareholder is urged to consult their independent professional adviser immediately regarding the tax consequences of the Offer applicable to them, including under applicable US federal, state and local as well as non-US and other tax laws.

Disclosure requirements of the Takeover Code

Under Rule 8.3(a) of the Takeover Code, any person who is interested in one per cent. or more of any class of relevant securities of an offeree company or of any securities exchange offeror (being any offeror other than an offeror in respect of which it has been announced that its offer is, or is likely to be, solely in cash) must make an Opening Position Disclosure following the commencement of the offer period and, if later, following the announcement in which any securities exchange offeror is first identified. An Opening Position Disclosure must contain details of the person's interests and short positions in, and rights to subscribe for, any relevant securities of each of (i) the offeree company and (ii) any securities exchange offeror(s). An Opening Position Disclosure by a person to whom Rule 8.3(a) applies must be made by no later than 3.30 pm (London time) on the 10th Business Day following the commencement of the offer period and, if appropriate, by no later than 3.30 pm (London time) on the 10th Business Day following the announcement in which any securities exchange offeror is first identified. Relevant persons who deal in the relevant securities of the offeree company or of a securities exchange offeror prior to the deadline for making an Opening Position Disclosure must instead make a Dealing Disclosure.

Under Rule 8.3(b) of the Takeover Code, any person who is, or becomes, interested in one per cent. or more of any class of relevant securities of the offeree company or of any securities exchange offeror must make a Dealing Disclosure if the person deals in any relevant securities of the offeree company or of any securities exchange offeror. A Dealing Disclosure must contain details of the dealing concerned and of the person's interests and short positions in, and rights to subscribe for, any relevant securities of each of (i) the offeree company and (ii) any securities exchange offeror(s), save to the extent that these details have previously been disclosed under Rule 8. A Dealing Disclosure by a person to whom Rule 8.3(b) applies must be made by no later than 3.30 pm (London time) on the Business Day following the date of the relevant dealing.

If two or more persons act together pursuant to an agreement or understanding, whether formal or informal, to acquire or control an interest in relevant securities of an offeree company or a securities exchange offeror, they will be deemed to be a single person for the purpose of Rule 8.3.

Opening Position Disclosures must also be made by the offeree company and by any offeror and Dealing Disclosures must also be made by the offeree company, by any offeror and by any persons acting in concert with any of them (see Rules 8.1, 8.2 and 8.4).

Details of the offeree and offeror companies in respect of whose relevant securities Opening Position Disclosures and Dealing Disclosures must be made can be found in the Disclosure Table on the Takeover Panel's website at www.thetakeoverpanel.org.uk, including details of the number of relevant securities in issue, when the offer period commenced and when any offeror was first identified. Part B: Further terms of the Offer

1. Subject to the requirements of the Panel, Bidco reserves the right to waive:
 - (a) the deadline set out in Part A, Condition 1 of this Appendix 1 for the timing of the Court Meeting, the General Meeting and the Sanction Hearing. If any such deadline is not met, Bidco shall make an announcement through a Regulatory Information Service by 7.00 a.m. on the Business Day following such deadline confirming whether it has invoked or waived the relevant Condition or agreed with CareTech to extend in relation to the relevant Condition; and
 - (b) in whole or in part, all or any of the above Conditions 2(a) to (o) (inclusive).
2. If Bidco is required by the Panel to make an offer for CareTech Shares under the provisions of Rule 9 of the Takeover Code, Bidco may make such alterations to any of the above Conditions and terms of the Offer as are necessary to comply with the provisions of that Rule.
3. The Offer shall lapse if the Offer or any matter arising from or relating to it or the Scheme becomes subject to a CMA Phase 2 Reference before the date of the Court Meeting.
4. Bidco shall be under no obligation to waive (if capable of waiver), to determine to be or remain satisfied or to treat as fulfilled any of Conditions 2(a) to (o) (inclusive) of Part A of this Appendix 1 by a date earlier than the latest date for the fulfilment of that Condition notwithstanding that the other Conditions of the Offer may at such earlier date have been waived or fulfilled and that there are at such earlier date no circumstances indicating that any of such Conditions may not be capable of fulfilment.
5. The CareTech Shares acquired under the Offer shall be acquired with full title guarantee and fully paid and free from all liens, equities, charges, encumbrances, options, rights of pre-emption and any other third party rights and interests of any nature and together with

all rights now or hereafter attaching or accruing to them, including, without limitation, voting rights and the right to receive and retain in full all dividends and other distributions (if any) declared, made or paid, or any other return of capital (whether by reduction of share capital or share premium account or otherwise) made, on or after the date of this Announcement.

6. If, on or after the date of this Announcement, any dividend, distribution or other return of value is declared, paid or made or becomes payable by CareTech in respect of the CareTech Shares, Bidco reserves the right (without prejudice to any right of Bidco, with the consent of the Panel, to invoke Condition 2(k)(ii) above) to reduce the Cash Consideration (and, as the case may be, the number of Rollover Securities due under the terms of the Partial Alternative Offer, assuming that the value of the Rollover Securities to be issued under the Partial Alternative Offer for each CareTech Share is equal to the Cash Consideration payable under the terms of the Offer) to reflect the aggregate amount of such dividend, distribution or other return of value or excess. In such circumstances, CareTech Shareholders would be entitled to retain any such dividend, distribution or other return of value declared, made or paid.

If and to the extent that any such dividend, distribution or other return of value is paid or made on or prior to the Effective Date and Bidco exercises its rights under this paragraph 6 to reduce the Cash Consideration (and, as the case may be, the number of Rollover Securities due under the terms of the Partial Alternative Offer, assuming that the value of the Rollover Securities to be issued under the Partial Alternative Offer for each CareTech Share is equal to the Cash Consideration payable under the terms of the Offer), any reference in this Announcement to the Cash Consideration and Partial Alternative Offer shall be deemed to be a reference to the Cash Consideration and Partial Alternative Offer as so reduced.

If and to the extent that any such dividend, distribution or other return of value has been declared or announced but not paid or made or is not payable by reference to a record date on or prior to the Effective Date or shall be (i) transferred pursuant to the Offer on a basis which entitles Bidco to receive the dividend, distribution or other return of value and to retain it; or (ii) cancelled, the consideration payable under the terms of the Offer shall not be subject to change in accordance with this paragraph 6.

Any exercise by Bidco of its rights referred to in this paragraph shall be the subject of an announcement and, for the avoidance of doubt, shall not be regarded as constituting any revision or variation of the Offer.

7. Bidco reserves the right to elect (with the consent of the Panel) to implement the Offer by way of a Takeover Offer for the CareTech Shares as an alternative to the Scheme. In such event, the Offer shall be implemented on substantially the same terms, so far as applicable, as those which would apply to a Scheme, subject to appropriate amendments, including (without limitation) an acceptance condition at a level permitted by the Panel.
8. The availability of the Offer to persons not resident in the United Kingdom may be affected by the laws of the relevant jurisdictions. Persons who are not resident in the United Kingdom should inform themselves about and observe any applicable requirements.
9. The Offer is not being made, directly or indirectly, in, into or from, or by use of the mails of, or by any means of instrumentality (including, but not limited to, facsimile, e-mail or other electronic transmission, telex or telephone) of interstate or foreign commerce of, or of any facility of a national, state or other securities exchange of, any jurisdiction where to do so would violate the laws of that jurisdiction.
10. The Offer is governed by the laws of England and Wales and is subject to the jurisdiction of the English courts and to the Conditions and further terms set out in this Appendix 1 and to be set out in the Scheme Document. The Offer shall be subject to the applicable

requirements of the Takeover Code, the Panel, the London Stock Exchange, the Registrar of Companies and the AIM Rules.

11. Under Rule 13.5(a) of the Takeover Code, Bidco may not invoke a Condition to the Offer so as to cause the Offer not to proceed, to lapse or to be withdrawn unless the circumstances which give rise to the right to invoke the Condition are of material significance to Bidco in the context of the Offer. Bidco may only invoke a Condition which is subject to Rule 13.5(a) of the Takeover Code with the consent of the Panel and any Condition that is subject to Rule 13.5(a) of the Takeover Code may be waived by Bidco. Condition 1 and/or any Takeover Offer acceptance condition adopted on the basis specified in paragraph 7 of this Part B are not subject to this provision of the Takeover Code.
12. Each of the Conditions shall be regarded as a separate Condition and shall not be limited by reference to any other Condition.

APPENDIX 4

DETAILS ON THE TOPCO GROUP AND THE ROLLOVER SECURITIES

1. Information on Topco and its subsidiaries

Topco is owned by the Sheikh Group and TH Pathways S.à r.l. (a special purpose vehicle owned by THCP and incorporated for the purpose of implementing the Offer) ("**TH Pathways**"), and was formed for the purpose of implementing the Offer. Each of Bidco, Midco and Cleanco (together, the "**Intermediate Holding Companies**") is a direct or indirect wholly owned subsidiary of Topco. None of Topco or any of the Intermediate Holding Companies have traded since the date of their incorporation nor entered into any obligations other than in connection with the Offer.

Topco is a Jersey private limited company incorporated on 16 June 2022. The share capital of Topco currently comprises 4 ordinary shares but will be reorganised prior to the Effective

Date so that it comprises A Ordinary Shares, B Ordinary Shares, C1 Ordinary Shares, C2 Ordinary Shares and D Ordinary Shares on the terms to be set out in the Scheme Document. Immediately after the Effective Date, the A Ordinary Shares will be held by Kensington and Belgravia, the B Ordinary Shares and C1 Ordinary Shares will be held by TH Pathways, the C2 Ordinary Shares will be held Ares and the D Ordinary Shares will be held by Sheikh Ventures, the Founders and eligible CareTech Shareholders who elect for the Partial Alternative Offer.

Prior to the Effective Date, Kensington and Belgravia may elect by way of notice to THCP, in their sole discretion following consultation with TH Pathways, to either (i) reduce the aggregate number of A Ordinary Shares to be allotted to Kensington and Belgravia on the Effective Date and to be allotted such number of B Ordinary Shares as is equal to the number of A Ordinary Shares, subject to certain adjustments; (ii) reduce the percentage return of the A Ordinary Shares in the Topco Shareholders' Agreement; or (iii) otherwise amend the rights of the A Ordinary Shares such that they are not as valuable as they currently are, in each case to the extent such actions will not produce a more favourable outcome for the Trusts vis-à-vis TH Pathways. This election (if made) will not in any way impact Kensington and Belgravia's voting rights.

Midco is wholly owned by Topco. Midco is a private limited company incorporated on 21 June 2022 under the laws of England and Wales. The share capital of Midco currently comprises 1 ordinary share of £1.

Cleanco is wholly owned by Midco. Cleanco is a private limited company incorporated on 21 June 2022 under the laws of England and Wales. The share capital of Cleanco currently comprises 1 ordinary share of £1.

Bidco is wholly owned by Cleanco. Bidco is a private limited company incorporated on 21 June 2022 under the laws of England and Wales. The share capital of Bidco currently comprises 1 ordinary share of £1.

Set out below is a summary of the proposed provisions of the Topco Shareholders' Agreement, the Rollover Securities Shareholders' Agreement and the Topco Articles governing the terms on which eligible CareTech Shareholders who elect for the Partial Alternative Offer will hold interests in Rollover Securities. Further details will be included in the Scheme Document.

Eligible CareTech Shareholders who validly elect to receive all or part of their consideration by means of the Partial Alternative Offer will, pursuant to a power of attorney to be included in the Scheme, deliver a fully executed deed of adherence pursuant to which they will be bound by the Rollover Securities Shareholders' Agreement.

2. Terms of issue of Rollover Securities

The Rollover Securities to be issued to eligible CareTech Shareholders who elect for the Partial Alternative Offer will be issued credited as fully paid and will be subject to a ratchet which returns a lower percentage of proceeds to the holders of Rollover Securities as further set out below.

3. Economic Rights

The economic rights described below are subject to the risks also described below and in paragraph 14 of this Announcement (for example, that (i) holders of Rollover Securities may be diluted over time, potentially significantly, should holders of Rollover Securities elect not to participate in further issues of additional shares, loan notes or other securities of the Topco Group; and (ii) holders of Rollover Securities are not always entitled to participate in such issues).

Upon any return of proceeds to security holders of Topco, in each case whether on an Exit (as defined below) or otherwise, the surplus assets of Topco remaining after the payment of liabilities shall be distributed or be payable to the security holders in the following order of priority (in each case after the payment of any costs):

- first, to the holders of the C Ordinary Shares, an amount equal to 13% of the balance of the surplus assets of Topco remaining available for distribution pro-rata amongst the holders of the C Ordinary Shares;
- second, to the holders of the A Ordinary Shares, B Ordinary Shares and D Ordinary Shares, such amounts of the surplus assets remaining available for distribution which would generate a 25 per cent internal rate of return per annum on the B Ordinary Shares, in the following proportions and pro-rata amongst the holders of each class:
 - 51.5 per cent to the holders of the A Ordinary Shares;
 - 18.2 per cent to the holders of the B Ordinary Shares; and
 - 30.3 per cent to the holders of the D Ordinary Securities;
- third, to the holders of the A Ordinary Shares, B Ordinary Shares and D Ordinary Shares, such amounts of the surplus assets remaining available for distribution which would generate a 35 per cent internal rate of return per annum on the B Ordinary Shares, in the following proportions and pro-rata amongst the holders of each class:
 - 67.0 per cent to the holders of the A Ordinary Shares;
 - 12.4 per cent to the holders of the B Ordinary Shares; and
 - 20.6 per cent to the holders of the D Ordinary Securities;
- fourth, to the holders of the A Ordinary Shares, B Ordinary Shares and D Ordinary Shares, such amounts of the surplus assets remaining available for distribution which would generate a 40 per cent internal rate of return per annum on the B Ordinary Shares, in the following proportions and pro-rata amongst the holders of each class:
 - 77.3 per cent to the holders of the A Ordinary Shares;
 - 8.5 per cent to the holders of the B Ordinary Shares; and
 - 14.2 per cent to the holders of the D Ordinary Securities;
- finally, to the holders of the A Ordinary Shares, B Ordinary Shares and D Ordinary Shares, any surplus proceeds remaining available for distribution which would generate more than a 40 per cent internal rate of return on the B Ordinary Shares, in the following proportions and pro-rata amongst the holders of each class:
 - 82.4 per cent to the holders of the A Ordinary Shares;
 - 6.6 per cent to the holders of the B Ordinary Shares; and
 - 11.0 per cent to the holders of the D Ordinary Securities.

4. **Voting Rights**

Rollover Securities will not carry any general voting rights at general meetings of Topco.

5. **Transfers of the Rollover Securities**

No Rollover Securities will be transferrable except pursuant to:

- the drag and tag rights and call option as described below;
- a reorganisation transaction in accordance with the Topco Shareholders' Agreement;
- where required (including on an enforcement or distress sale) in accordance with the Offer Debt, amongst other holders of Rollover Securities;
- to certain permitted transferees (including other D Ordinary Shareholders and/or their beneficial owners if different); or
- with written consent from THCP, Kensington and Belgravia.

No changes in direct or indirect interests or economic entitlements in a Rollover Security shall be permitted which circumvent the restrictions on transfer and, without prejudice to damages claims, economic rights shall cease during any such breach.

6. **New Topco Securities Issues**

On a new issue of securities in Topco (excluding an issue of further loan notes), most security holders (including holders of the Rollover Securities) will be entitled to participate pro-rata in the issue and at the same price and on the same terms, save in the following types of excluded issues:

- an issue of securities or transfer of shares from treasury;
- an issue of up to 4,824,932 D Ordinary Shares to or at the direction of the Founders or options over some or all of such number;
- any issue in connection with an IPO, refinancing or reorganisation transaction, on terms which have been approved by THCP;
- any accelerated issue upon the occurrence of certain trigger events; or
- any issue to a current or prospective employee, officer, director or consultant of the CareTech Group (other than a Founder or a THCP investor director).

7. **Information Rights**

Holders of Rollover Securities will not have any specific information rights beyond those conferred by Jersey law.

8. **Exit Arrangements**

The Sheikh Group may exercise a call option at any time during an initial five year lock-up period following the Effective Date (the "**Lock-up Period**") to purchase all but not only some of the securities in CareTech that are not held by the Sheikh Group, including any Rollover Securities. Following the end of the Lock-Up Period, any share sale, asset sale, IPO or winding up relating to the CareTech Group (an "**Exit**") shall occur at the absolute discretion of THCP.

9. **Drag-Along and Tag-Along**

For the duration of the Lock-up Period, the Sheikh Group and, from the end of the Lock-Up Period, THCP shall have a drag right to require the sale of all securities in Topco held by all

other Topco Shareholders on the same economic terms as a proposed sale of securities in Topco to a bona fide third party. Each member of the Sheikh Group may only exercise such drag right if such purported sale will result in such member ceasing to hold any securities in Topco.

Holders of Rollover Securities shall also have a "pro-rata" tag right on the same economic terms on any transfer of Topco shares (other than in respect of certain excluded instances including, but not limited to, customary permitted transfers to affiliates, in connection with a reorganisation transaction, on or following an IPO, or where a drag right has been exercised).

10. **Governing Law and Jurisdiction**

The Topco Shareholders' Agreement, the Rollover Securities Shareholders' Agreement and any non-contractual obligations arising out of or in connection with them will be governed by English law. The courts of England shall have exclusive jurisdiction to settle any dispute which may arise out of or in connection with the Topco Shareholders' Agreement or the Rollover Securities Shareholders' Agreement and accordingly any proceedings arising out of or in connection with such agreements shall be brought in such courts.
