

THE 7TH ANNUAL
CARETECH
CARE AWARDS **2021**

**Congratulations to all of our exceptional
National Winners 2021!**

Each one of you epitomises the gold standard of care for adults and children through your dedicated work across our residential homes and services, education division, specialist hospitals and fostering agencies. We are deeply grateful for the extraordinary support we receive from our office staff, who are an integral part of our success.

Each National Award symbolises the commitment of each staff member to help another person enrich their quality of life, and daily effort expended to achieve such impressive goals. For us, there is no greater accolade.

We hope you are immensely proud of your achievements over the past year - thank you for your contribution to the positive outcomes experienced by those in our care.

**We look forward to celebrating you at the
Care Awards Ceremony on Wednesday 3rd November!**
