

CareTech

2022 HealthInvestor Awards

We are proud to announce that CareTech Holdings PLC has been selected as a finalist at the 2022 HealthInvestor Awards.

A leading provider of social care since 1993, CareTech own 550 residential homes and specialist services across Britain. Specialising in social care services, CareTech Holdings PLC supports adults and children with a wide range of complex needs in more than 250 specialist services around the UK.

Julian Spurling, the Managing Director of Adult Services said:

“CareTech has always been at the forefront of social care in providing solutions for individuals, families and commissioners. Our specialist support teams are dedicated to enabling everyone, irrespective of their need, to live independent and fulfilling lives within their communities. We’re very proud to play our part in creating better days for everyone.”

CareTech provides its innovative care pathways through five divisions covering adult learning and disabilities, mental health, young people’s residential services, foster care and learning services.

The HealthInvestor Awards are a prestigious accolade awarded to the most exceptional in healthcare. They are assessed by a panel of high profile, independent judges and celebrate excellence and recognise innovation in the independent health and social care sector.

This year, the awards ceremony will be celebrated on the 8th of June, with more than 1,200 sector-leading guests attending at the JW Marriott Grosvenor House, London.
