

ONE STEP AT A TIME

NORWOOD SUPPORTED LIVING

44 CHESTNUT ROAD

10 SELF CONTAINED 1 & 2 BED FLATS

Providing support to individuals with:

- A Learning Disability
- A Mental Health Need
- Other Complex Needs

Chestnut Road is a new development within Norwood Supported Living enabling us to offer individualised support to more individuals.

The layout of the property with a staff office at the entrance enables individuals to live as independently as possible whilst retaining the required level of support to meet their needs.

Chestnut Road offers 10, 1 and 2 bedroom flats over 3 floors offering 13 bedrooms in total.

ONE STEP AT A TIME

The ground floor offers accessibility for individuals with mobility needs. These self contained flats offer wet rooms to enable further opportunity for independence within meeting personal care needs.

The first and second floor flats offer bath with overhead showers.

Chestnut Road is within easy walking distance from all local amenities and has great access to all bus and train links with central London just 20 minutes away.

ONE STEP AT A TIME

Each flat has its own letterbox and door bell.

We have had numerous years of supporting individuals move into their first homes and recognise the challenges this can bring. We have therefore ensured that all flats are fully furnished to enable individuals to move straight in.
